Cerise

The Cerise is a unique and innovative hydration pack dispenser exclusive to Waterlogic in the UK. It provides an improved user experience by utilising innovative loading technology and lightweight hydration packs. This brand new approach is a more sustainable and environmentally friendly way of providing drinking water within your workplace.

Each pack is fully recyclable and biodegradable, meaning you don’t have to store empty bottles, they’re easy to lift (only 11kg) and you’re helping the environment too.

The innovative choice

Key features

• Light weight recyclable hydration packs
• Cold and hot water
• Concealed/compact bottom loading design
• LED night light

Installation requirements

The Cerise can be installed anywhere that has a plug socket and allows for at least 100mm for ventilation around the cooler.

Please do not place in the following locations:
- Outside in open air.
- In direct sunlight.
- In a dusty, unventilated or humid environment.
- On an uneven or sloping surface or one with water on it.
