WL2 Firewall®
Excellent purifying performance, easy operation and stylish design

Simply pure water for the workplace
With a choice of hot and cold, the WL2 Firewall (WL2 FW) is the preferred solution for any small or medium size workplace looking for great tasting water, reliability and guaranteed quality.

Advanced technology
The WL2 FW features three core technologies:

- **High performance filtration**
  Waterlogic’s filters are certified to stringent standards, carrying the Water Quality Association’s Gold Seal of approval, meaning they offer the best possible filtration. This guarantees each drop is as good as the last.

- **Firewall**
  Waterlogic’s Firewall patented technology utilises a highly effective UVC purification system at the point of dispense. Firewall guarantees 99.9999% purified water. Glass after glass.

- **BioCote® protection**
  The key plastic surfaces surrounding the dispensing area are infused with BioCote®, a silver ion additive that provides an effective barrier against microbes like bacteria and mold, which may cause odors or staining.

Certified purity for peace of mind
The Firewall technology has been tested and certified by the WQA to NSF/ANSI-55 Class A UV and NSF P231 protocol, which is unique – no other water cooler features these standards of certification together. This means that Firewall technology delivers the safest water possible for the workplace.
Features

- Firewall, patented UV technology reduces the risks of bacteria, viruses, and pathogens purifying the water up to 99.9999%, 100% of the time
- Dispensing area suitable to accommodate sport bottles
- Generous drip tray capacity for collecting accidental spillage
- LED UV fault indicator for easier servicing and peace of mind
- BioCote® protected dispensing area (including drip tray body, cold faucet and dispensing buttons)

Technical specifications

Types available
- Freestanding and countertop

Dimensions
- Freestanding: 13.7” (W) x 40.3” (H) x 14.3”(D)
- Countertop: 13.7” (W) x 17.83” (H) x 14.3”(D)

Dispensing area height
- 9”

Weight
- Countertop: ~44-52 lbs
- Freestanding: ~59-61 lbs

Standard filtration supplied
- Carbon

Storage capacity
- Hot tank: 0.4 US gal
- Cold tank (Freestanding): 1.06 US gal
- Cold tank (Countertop): 0.53 US gal

Drip tray capacity
- 12.70 fl oz

Compressor
- Compressor (R134a) 120V/60Hz

Water temperature settings
- Cold: 37°/ 41°/ 45°F (default 41°F)
- Hot: 185-189°F (default 185°F)

Number of users
- 10 - 30 (Freestanding)
- up to 10 (Countertop)

Water options

- Cold: 37°/ 41°/ 45°F (default 41°F)
- Hot: 185-189°F (default 185°F)

 Tested and certified
