Better thinking, better water, better  
for you, better for the planet

“ I want to know that my water is “safe” ultra clean, highly filtered and purified on demand! ”

## This dispenser purifies your water on demand with Firewall®

A powerful UVC technology that destroys waterborne pathogens such as bacteria and microbes, up to 99.9999% bacteria free. Effective all the way through to the point of dispense, Firewall® also acts as a barrier, stopping germs infecting the system.

## Key surfaces protected by BioCote®

Reducing the potential for cross-contamination, an antimicrobial product means less microbes and bacteria to transfer to other products in the same environment.

Firewall technology is certified by **IAMPO R&T** to **NSF/ANSI 55 Class A, NSF P231, US EPA Microbiological Guide Standard, NSF/ANSI 372** and **CSA B483.1**.

**CE** QUALITY & SAFETY  
GUARANTEED
